

Static Cling Window Stickers

Removable Stickers

Full color removable stickers are printed on a 5 mil thick clear or white ultra decal material. They are easily removable from virtually any surface and may be used printed for use inside or outside the car window glass .

Static cling stickers are a classic for inside car windows and on other glass surfaces.
 (static cling stickers are very similar to the "oil change stickers" commonly used at service centers)

Removable and Repositionable

Ultra decals are better than stickers because they are removable and can be repositioned with no adhesive transfer!

glass painted wall painted bumper wood

Indoor or outdoor use.

Safe for multiple surfaces.

for design ideas in many sports & school uses
